Register Today

Space is limited! Registration and payment must be done online at www.pinetoplakesideaz.gov. Blue Ridge School District will provide breakfast and lunch. Day campers welcome!

Forest Frenzy
Discover the wonders of the forest as we roll over logs, creep through trees and shrubs, and sift the soil in search of creatures big and small who call the forest home.

Dirt Diggers
There’s more to dirt than meets the eye. Grab your detective kit and bring your curiosity this week because we are going to dig deep to uncover many mysteries of the dirt. From decomposers to dinosaurs, fossils to fungus, plus other buried treasures!

Super Survival
Uncover the “art of survival” as we investigate clues and take clues from our animal neighbors who can withstand the most extreme living situations. We will also learn how humans have relied upon nature for centuries by trying our hand at some STEM-based survival basics like shelter-building, fire-making, and local foraging as we put the WILD back in wilderness.

Week 1
Mon., June 3rd through Thurs., June 6th
Forest Frenzy

Week 5
Mon., July 1st through Weds., July 3rd
Dirt Diggers

Week 6
Mon., July 8th through Thurs., July 11th
Super Survival
Your kid will experience nature's wonders at the STEM White Mountain Wildlife & Nature Center's Discovery Learning Camp. Each day will be filled with hands-on activities, games, hikes, and fun as they learn about their world. Monday – Thursday 8:30 AM to 3:30 PM, June 3 – July 11th. Ages of campers range from 6 thru 11.

WEEK 2
Mon., June 10th through Thurs., June 13th

PLANET RANGER
Not only will you learn about our neighbors in outer space, you will learn how to take care of our own planet EARTH. This is called sustainability, and we will learn the best ways to keep our planet healthy for future generations.

Thank you to our generous sponsors

WEEK 3
Mon., June 17th through Thurs., June 20th

BIRDS OF A FEATHER
Discover how birds fly and engineer nests. Meet some birds of prey. Plus, search the skies and forest canopy for more feathered friends that reside in the wilds of White Mountain Nature Center.

WEEK 4
Mon., June 24th through Thurs., June 27th

WATER, WATER EVERYWHERE
Make a splash this week as we investigate waterways of the White Mountains. We will see how our puddles, ponds, and wetlands are such a unifying force for many plants, animals, and people in our community and beyond! Plus, we’ll have some wet and wild adventures catching some pond critters.
